

International School of Thyroid Ultrasonography and Ultrasound-Assisted Procedures

Department of Endocrinology and Metabolism, and Department of Diagnostic Imaging and Interventional Radiology, Ospedale Regina Apostolorum, Albano Laziale (Rome), Italy

Scientific Program, Day 1 – September 20, 2018

Meeting Point at Miralago Hotel Lobby at 8:45 am
Contact Persons: Daria Bottacci (mobile +39 338 1961772),

- 9:15** **Introduction to the Course**
- 9:45** **Interventional Ultrasonography: Live Cases**
Room 1: US-guided Laser procedures (1) and Core Needle Biopsy (1)
Room 2: Diagnostic and Therapeutic US-guided procedures (FNA and PEIT) (Live)
- 11:15** Coffee Break
- 11:30** **Interventional Ultrasonography: Live Cases**
Room 1: 2 US-guided Laser procedures (2) and Core Needle Biopsy (1)
Room 2: Diagnostic and Therapeutic US-guided procedures (FNA and PEIT) (Live)
- 13:30** Light Lunch
- Diagnostic & Interventional Ultrasonography: Interactive Lectures**
- 14:15** US Examination: Basic principles and equipment optimization
- 14:45** US classification and indication to FNA for thyroid nodules
- 15:15** Coffee Break
- 15:30** Laser treatment procedures: Basic principles, equipment and feasibility
- 16:00** Towards an Integrated Approach to the Management of Nodular Disease
- 16:30** A brief description of Echolaser System
- 16:45** Ultrasound Solutions in Endocrinology
- 17:00** Question Time
- 17:30** **Conclusions**
-
- 20:00** **Social Program: Dinner at Hotel Miralago**

Scientific Program, Day 2 – September 21, 2018

- 8.45** Presentation of the second day of Course
- 9.00** **Interventional Ultrasonography: Live Cases**
Room 1: US-guided Laser procedures (1) and Core Needle Biopsy (1)
Room 2: Diagnostic and Therapeutic US-guided procedures (FNA and PEIT) (Live)
- 10:30** Coffee Break
- 10:45** **Interventional Ultrasonography: Hands-on session**
Hands-on: Ultrasound Guided Procedures on Dummies (Room 1)
- 12:00** **Diagnostic & Interventional Ultrasonography: Interactive Lectures**
Minimally invasive procedures for thyroid malignancy
Clinical cases discussion
- 13:15** Light Lunch
- 13:45** **Conclusions & Attendance Certificates**
- 14:00** End of the Course

General information

Venue

These live educational Courses will take place at the:
Department of Diagnostic Imaging, Department of Endocrinology and Metabolism,
Regina Apostolorum Hospital - Albano Laziale (Rome), Italy
http://www.reginapostolorum.com/come_raggiungerci.php

Language

The official language of the Course is English.

The Participants may have a 3-day stage period at the Interventional Procedure Unit during year 2018
